<sup>1</sup> Waived if admitted.

# DENTAL

Please see your benefit summary for full details on your benefits.

## DHMO PLAN THROUGH CIGNA

The DHMO plan works like a HMO. Each member of your family must select a Primary Care Dentist (PCD) from the list of participating DHMO dentists. You must use participating Dental Network DHMO dentists in this plan. Your PCD will provide routine dental care and refer you to a specialist if needed. Out-of-network services are not covered under this plan.

Before completing your enrollment and selecting your PCD, we suggest calling the participating DHMO providers' office and confirming that they are accepting new patients.

## PPO PLAN THROUGH CIGNA

The PPO plan allows you the freedom to seek care both in- and out-of-network. Please note that if you do receive care out-of-network, you will pay more out-of-pocket and will be subject to balance billing.

Please refer to your Paylocity WebBenefits homepage to view the fee schedule for the DHMO plan, and the detailed benefit summary for further details on the PPO plan.

BENEFITS	1 Cigna DHMO		2 Cigna PPO	
	In-Network		In-Network	Out-of-Network
